4 Analyze costs and benefits to determine the impact of objectives (a)-

5 (i) of this subsection (1) on households, manufacturers, agriculture,

6 small business, customers of investor-owned utilities versus public

7 utilities, and a comparison of rates in neighboring states; and (k)

8 Ensure that, by June 30, 2015, the joint committee on energy supply

9 and energy conservation shall study the electricity cost impacts for

10 each qualifying utility to meet the 2016 and 2020 renewable resource

11 and conservation targets under chapter 19.285 RCW. The study must

12 also include an analysis of the impacts of each utility's commercial,

13 industrial, and residential customers, including an additional

14 analysis of the impacts on low-income residential customers."
